

## CREATING A FUNDRAISING PAGE

Creating a fundraising page on Altruism Ireland is straightforward. First, go our homepage - <https://www.altruism.ie/>

You can either search for a charity directly by clicking on the magnifying glass search bar and then typing in the name of the charity, or by simply clicking on the light orange 'Fundraise for Charities' button.

If you clicked on the 'Fundraise for Charities' button, it will lead you to the main charity page. You again have the option of searching for a charity, or scrolling down until you see it.

Once you have found the charity of your choosing, you can either donate directly by clicking on the light orange 'Donate' button along the right hand side of the page, or click on 'Create Fundraising Page'.

 **Story**

**One Day Together 2016:**

Opening 90 Educate Together schools over the last 40 years has taken courage, perseverance and determination on the part of parents and teachers all over Ireland. There have been many challenges to overcome, and while there is no shortage of voluntary and community initiative at local level, financial support is required to open schools and make change happen.

As we receive less than 20% of our funding from the state, we really need your support on One Day Together. Please get involved and help us raise the funds we need to support our existing schools and to work to open new schools so that more children are given the opportunity of experiencing an equality-based education.

Whether you organise an event, sponsor someone or make a donation. Every bit helps us to:

- support our schools to provide a truly child-centred education,
- open more schools to give balance to the system and choice to parents and,
- develop a second-level education that is fit for purpose in today's rapidly-changing, information-rich society.
